ABOUT ME

I'm an Italian creative based in Monza, a small city near Milan.

Since I was a young boy I have always been more curious than cautious. This attitude has brought me to a constant search for new inspirations and made me travel around and inside the world.

I have an extreme passion to work with everything is visual and digital and I'm currently looking for opportunities in UI/UX Design and Frontend Development.

EDUCATION

Liceo Statale P. Frisi
2007-2012
Scientific School - 88/100

Politecnico di Milano
2012-2015
Interior Design - 107/110

SPD - scuola politecnica di design
